

The graph displays the relationship between the number of iterations (m) and the number of processors (P) for ten different processors (P-01 to P-10). The x-axis represents the number of iterations (m) from 0 to 700, and the y-axis represents the number of processors (P) from 0 to 10. P-01 is a horizontal line at P=10. P-02 to P-09 are horizontal lines at P=1. P-10 is a horizontal line at P=10. P-07 shows a sharp drop from P=10 to P=1 at m=20, then remains at P=1. P-08 shows a sharp drop from P=10 to P=1 at m=10, then remains at P=1.
